

BUSINESS PRESENTATION

The future of transport

The roads of **Europe** have never been so close!

Saplog is a modern and evolved group, engaged daily in the national and international transport of goods.

Through its structure and a dense network of collaborators, it is present throughout the territory to its customers excellent parameters of efficiency, punctuality and safety.

Passion, enthusiasm and professionalism are the founding principles through which the group proposes itself on the market, intersecting dynamism and experience, to manage any need and requirement.

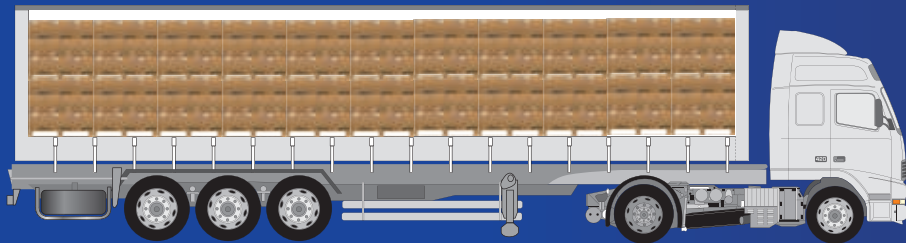

The management of the company is entrusted to the experience of an independent and highly integrated staff, supported by technological, managerial and organizational know-how.

OUR SERVICES

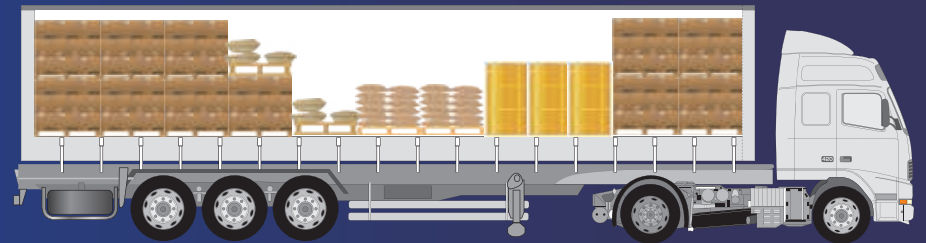

FLT

Full Truckload

LTL

Less Than Truckload

FULL LOAD TRANSPORT

It is a full load transport, with the advantage of having a vehicle dedicated exclusively to the transport of your goods.

LESS THAN TRUCKLOAD

Less than truckload(Groupage)- It is a partial load shipment that does not take space for a full truck.

ACCESSORY SERVICES

ADR

We manage the transport and delivery of chemical products of any class of danger, using suitable tools and qualified personnel.

HACCP

We guarantee careful control of the Italian and European legislation on the subject of food safety dictated in the HACCP system.

HYDRAULIC LIFT

All our vehicles are equipped with a tail lift to make easier the unloading and loading of the goods.

INSURED GOODS

All the goods transported by our trucks are insured, adequately covered according to the chosen service.

Full load transport **FTL**

Full load freight transport has the safe and indisputable advantage of minimizing the movement of goods, which are directly loaded at the place of departure and delivered in full to the place of arrival, without intermediate stops.

This guarantees a wider safety of the goods, which can hardly be lost or forgotten while facilitating a greater speed of delivery, all in full compliance with driving-stop times and the regulations of interest. In short, the full load guarantees fast and efficient freight transport.

Less than truckload

LTL (Groupage)

Thanks to our many years of experience in this sector, supported by a particular elasticity of our logistics systems, we can guarantee a punctual and efficient service, in full compliance with the needs of our customers.

Our flexible structure allows us to satisfy every detail with particular care and a personalized and tailor-made service

SAFETY, SPEED, RELIABILITY AND EFFICIENCY

These are the fundamental characteristics of a quality service: **for us every transport is exceptional!**

Ship to and from **Albania**

Full load freight transport has the safe and indisputable advantage of minimizing the handling of goods, which are directly loaded at the place of departure and delivered in full to the place of arrival, without intermediate stops.

This guarantees a wider safety of the goods, which can hardly be lost or forgotten, while facilitating a greater speed of delivery, all in full compliance with driving-stop times and the regulations of interest. In short, the full load guarantees fast and efficient freight transport.
